<b>11</b>	<b>AREAS OF SPECIALIZATION</b>	<p>Through my experiences and professional background, I have developed much interest of working with rural poor communities to finding the solutions of improving their livelihood. I am always engaged in this assignment through capacity building, researching and consulting.</p> <p>While working for different organizations, I played great roles in transforming the lives of poor rural communities through the provision of credits for their agricultural activities, building their capacity on good agricultural practices (GAP). I also managed in different positions to link farmers to potential service providers and better markets for their produces.</p>
